

Attention New Shooters

Due to increased demand, limited instructor availability and our commitment to shooting safety the HVGC will no longer be able to accommodate inexperienced and new shooters on a walk-in basis and without a reservation. This includes experienced shooters bringing first time shooter friends. We encourage anyone new to shooting or unfamiliar with shotgun sports to enroll in our monthly First Shots program sponsored by the National Shooting Sports Foundation. It's a terrific way to experience our great sport in a safe and controlled setting. Classes are limited to 5 people per session on a first come first served basis. Please refer to the First Shots menu for class dates and signup or call 321-230-0498 for more information. We look forward to seeing you at the range.
